

Neighbours Food Cooperative

dba

NOWBC Co-op

www.nowbc.ca

Vancouver, BC CANADA

Mission

The mission of the Association is to connect local organic farmers and processors with consumers, make local sustainably grown food accessible, create community by encouraging neighbours to buy cooperatively, and to reduce our ecological footprints.

To become a member of NOWBC Co-op, you must purchase a minimum of 9 shares at a par value of \$10 each (total \$90). You are also welcome to invest in more than nine shares if you wish to further support the co-op infrastructure and build its capacity. By becoming a member you agree to uphold the mission of the co-operative.

As a co-op member you are entitled to one vote at general meetings regardless of the number of shares purchased, and to a share of any dividends that are distributed in a profitable year. Dividends are based on a combination of your purchases made during the preceding year and the value of all your shares.
